Additional Volunteer Opportunities

Missouri Rural Health Association looks for special volunteers who can be our "face" to drivers and the community. Below are descriptions of additional volunteer opportunities with MRHA and HealthTran. Check the box of any role that you may be interested in and we will give you a call to discuss the positions further.

I am interested in learning more about being the "Lead Volunteer." In this role you would assist with recruiting, onboarding, and training new volunteers. This may include, but is not limited to meeting with prospective volunteers, assisting with application and paperwork completion, training volunteers, completing saliva drug tests, assisting with technology set up, introducing to relevant contacts in the area via email or in person, and assisting the new volunteer through their first ride.

I am interested in learning more about being the "Community Outreach Volunteer". In this role I would assist in promoting and recruiting for the program. This may include, but is not limited to representing HealthTran at fairs and booths, attending local meetings as a representative of HealthTran, delivering and hanging fliers, and assisting in finding and creating recruitment opportunities.
